

Oil

Heavy Duty

Robust industrial gloves, ensuring superb mechanical protection for heavy-duty applications

- **Advanced durability and protection:** ActivArm[®] Hycron 27-600 industrial gloves feature a unique, highly durable nitrile formulation, granting users advanced protection against abrasive materials, as well as flexibility and grease and oil resistance
- **Increased comfort:** These grease-resistant gloves are also made from cotton jersey fabric, cushioning the hand and absorbing perspiration
- **Reduced surface defect risks:** Silicone-free by design, ActivArm[®] Hycron 27-600 work gloves prevent contaminant transfer to metal before painting, resulting in a high-quality finish

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Handling metal sheets & panels
- Metalworking & assembly operations
- Press injection molding
- Seizing and finishing structural parts
- Fixing, clipping parts and wire harnesses; connecting devices
- Assembly & inspection of components

Key Features

- **Tough, durable nitrile formulation***: Oil and abrasion resistance
- **Cotton jersey fabric**: For heavy-duty gloves offering optimal comfort
- **Silicone-free design**: Clean surfaces for metals and motor manufacture
*3x greater durability than standard heavy-duty leather alternatives

Performance Standards & Regulatory Compliance

REACH Compliant
