

Oil

Heavy Duty

## Heavy-duty nitrile-coated safety gloves, ensuring abrasion-resistant mechanical protection

- **Enhanced durability:** Stronger and more flexible than PVC, ActivArmr® Hycron® 27-607 nitrile-coated protective gloves are also three times tougher than heavy-duty leather alternatives (satisfying ANSI and EN level 4 standards for abrasion resistance) and offer excellent protection against grease and oil
- **Elevated comfort:** Unlike standard leather and cotton alternatives, these user-friendly cotton jersey-lined work gloves do not degrade easily, protecting hands and enhancing comfort levels with better perspiration relief and a cushioned feel
- **Reduced surface defects risks:** ActivArmr® Hycron® 27-607 industrial gloves' silicone-free composition ensures they are reliably fit for purpose, suitable for both metal and motor manufacture applications

### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

### Applications

- Handling metal sheets & panels
- Metalworking & assembly operations
- Press injection molding
- Seizing and finishing structural parts
- Fixing, clipping parts and wire harnesses; connecting devices
- Assembly & inspection of components

## Key Features

- **Unique nitrile formulation:** For genuinely abrasion-resistant gloves\*
- **Cotton jersey liner:** For highly comfortable, breathable work gloves
- **Silicone-free design:** Suitable for metals and motor manufacture

\*3x greater durability than standard leather alternatives

## Performance Standards & Regulatory Compliance

### REACH Compliant
